E-Fence

Attention : Amanda Esterhuizen

Dear Amanda

We have been using E-Fence now for about 3 years and I would just like to congratulate you and your very professional and efficient team on the excellent service you have provided.

Whether we are out of town on holiday or in town, you always make a plan to get to us on the day of our callout or the next day. I had used a number of companies before I got in contact with E-Fence and your team are the best when it comes to fixing our alarm system, beams, electric fence and electric gates, and always with a smile and very polite and friendly manner.

Our house and all our electrics (alarm, electric fence, gate motor etc) seem to get hit by lightning often in these JHB storms, thus putting my family's safety at risk, but your team always arrive very timeously to fix/replace it all for us, and I thank you for that.

I have recommended E-Fence to a number of my friends over the years and they all use E-Fence now too and I will continue to spread your very good name.

Thank you all very much and I look forward to a continued relationship with E-Fence in the years to come.

Regards

Leanne Delport
