

TESTIMONIAL FROM CASA DIVA HOMEOWNERS ASSOCIATION

We as the residents of Casa Diva had been experiencing endless problems with our Electric gates, Intercom system and Electric fence, until we contracted e-fence about 2 years ago. As security is a major concern to us, E-fence has since provided us with a very professional service, prompt response and advice. It is comforting to know that whenever we experience a fault on either our gate, fence or intercom system, e-fence is only a phone call away.
